## Anaerobic Waste Water Treatment Technology

Industry Sector / Customer	Description of the Process:	Anaerobic Technology	Year of Construction	Capacity in m <sup>3</sup> /h	Degradation Capacity in t <sub>COD</sub> /d
Diary Production / KMU, Altentreptow, Germany	Anaerobic pre-treatment of waste water origin from dairy production	UASB	2005/2006	104	13
Potato Processing / Lorenz Bahlsen Snack-World, Neunburg v. Wald, Germany	Anaerobic pre-treatment of waste water origin from potato processing / Biowaste fermentation of process waste	UASB	2005/2006	42	3
Brewery / WWTP Dargun	Anaerobic pre-treatment of waste water origin from brewery production	UASB	2006/2007	40	5
Juice Manufacturer FSP, Mönchengladbach	Anaerobic pre-treatment of waste water origin from juice production	EGSB (HPA-System)	2010/2011	30	5
Brewery / Oettinger, Mönchengladbach	Anaerobic pre-treatment of waste water origin from brewery production	EGSB (HPA-System)	2011/2012	150	12
